

Welcome to the VINTAGE® Guitars US Pro Shop

For years now, we've listened to suggestions from our ever-expanding roster of endorsing Artists. We've taken these ideas and built unique guitars for some of the hardest working musicians in the music industry.

These guitars are now available to everyone, allowing the player to design the instrument their way.

Imagine your own VINTAGE® US Pro Shop guitar, created specifically for you from our menu of options. Your guitar is then expertly assembled and set up by our acclaimed craftsmen in Fort Worth, TX.
